## SUMMARY

I am a versatile digital professional offering a broad spectrum of services, including expert web design and development, robust cybersecurity solutions, and reliable IT support. With a CompTIA A+ certification, I bring a deep understanding of system maintenance and troubleshooting to ensure optimal performance. My focus is on creating visually appealing, user-friendly websites while also securing networks and systems to protect businesses from cyber threats. My mission is to help clients enhance their online presence and ensure their digital infrastructures are both secure and efficient.
